CLASS DISCUSSION

Introduction

Class Discussion scenario describes situations in which issues and attitudes are exposed and assessed in an organized academic setting. The primary purpose is to prove the efficacy of active learning approach, inclusiveness of the work environment, and improvement of critical thinking abilities of the learners.

Role of Educators

Emphasizing the traditional teacher's facilitator approach of the class by only moderating the discussions while the learner conducts their learning process.

Preparation Mechanisms

Appointing reading or thinking questions to guarantee that participants will have something valuable to share.

Conclusion

Through the class discussion case solution strategies, directions on how the experience can be improved will be given in order to have better learning outcomes. After reading through the details of this case, it is possible to develop an environment of a successful academic class, in which all the participants will be successful.
