FINCHCO CASE

INTRODUCTION

The FinchCo case is a rich example of the competitive environment that affects the company, competitive forces, and operation issues. The purpose of this work is to outline FinchCo's strategic management and to evaluate the appropriateness of different decisions made.

BACKGROUND

FinchCo is an established player in home improvement industry to which it has noted growing competition from new firms as well as new entrants. Creating new products is a good strategy; however, it is not enough to defend a company's market share as it is the case with this business.

SUPPLY CHAIN

Some of the challenges affecting FinchCo's supply chain include: Delay, which causes a problem to product availability, Cost, which affects customer satisfaction.

CONCLUSION

Overall, FinchCo case offers important lessons in needs to address competition threats that exist within the home improvement industry. Through identifying the importance of operational excellence, unique selling proposition, and customized marketing strategies
